INDEPENDENT AUDITORS' REPORT

To the Board of Directors Habitat for Humanity of Minnesota, Inc. Minneapolis, Minnesota

We have audited the accompanying financial statements of Habitat for Humanity of Minnesota, Inc. (the "Organization"), which comprise the statements of financial position as of June 30, 2016 and 2015, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Baker Tilly Virchow Lrause, LLP

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Organization as of June 30, 2016 and 2015, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

As of and for the Years Ended June 30, 2016 and 2015

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

Habitat for Humanity of Minnesota, Inc. (the "Organization") is a Minnesota not-for-profit organization that was incorporated in 1997. The Organization was created by the Habitat for Humanity affiliates in the State of Minnesota to help them be successful in achieving their goal of eliminating poverty housing from their service areas. At June 30, 2016, there were 31 affiliates providing housing solutions for approximately 300 families per year. The Organization manages programs which provide a broad range of support to the affiliates, primarily in the areas of resource development, training, and building awareness. The main program provided by the Organization is a lending program designed to provide Habitat affiliates with a form of secondary market for their 0% interest long-term mortgage loans made to Habitat homeowners. Through the Organization's lending program, Habitat affiliates can generate more resources to build homes by converting their mortgages into cash, which provides them the opportunity to build more homes. Through the Organization's programs, Minnesota Habitat affiliates have quadrupled the number of families served annually since 1997. The Organization was certified by the U.S. Department of Treasury on December 7, 2000 as a Community Development Financial Institution (CDFI).

During the year ended June 30, 2015, the Organization received a grant from the Corporation for National and Community Service to operate an AmeriCorps VISTA (Volunteers in Service to America) program. This grant provided funding for the Organization to place a total of 21 full-year and 24 summer VISTA volunteers with affiliates around the state. These VISTA volunteers carry out capacity building programs to help Habitat affiliates reduce poverty in their communities.

During the year ended June 30, 2016, the Organization received a \$750,000 grant from the CDFI Fund which is recorded in contribution revenue. These funds are to be utilized to supplement the resources deployed for the Organization's lending program. All resources must be deployed by June 30, 2019. Amounts yet to be received related to this grant were \$450,000 at June 30, 2016 and are recorded in grants receivable.

Net Assets

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Organization are classified and reported as follows:

Unrestricted Net Assets - Resources over which the board of directors (the Board) has discretionary control.

Temporarily Restricted Net Assets - Net assets subject to donor-imposed stipulations that either expire by passage of time or can be fulfilled and removed by actions of the Organization pursuant to those stipulations. Restricted contributions received in the same year in which the restrictions are met are recorded as an increase in unrestricted support at the time of receipt. The Organization had \$450,000 and \$35,000 in temporarily restricted net assets for the CDFI grant and sustainable building program at June 30, 2016 and 2015, respectively.

Permanently Restricted Net Assets - Net assets subject to donor-imposed stipulations that they be maintained permanently by the Organization. Generally, the donors of such assets permit the Organization to use all or part of the income earned on the assets. The Organization currently has no permanently restricted net assets.

Non-Operating Activities

Non-operating activities include all non-cash activities relating to the discounting of loans payable and receivable.

NOTES TO FINANCIAL STATEMENTS As of and for the Years Ended June 30, 2016 and 2015

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Cash and Cash Equivalents

The Organization defines cash equivalents as highly liquid, short-term investments with a maturity at the date of acquisition of three months or less. The Organization maintains its cash and cash equivalents in money market mutual funds and bank deposit accounts at high credit quality financial institutions. The bank balances, at times, may exceed federally insured limits. Restricted cash is primarily related to loan proceeds, repayment and reserve accounts and amounts collected from the Habitat 500 bike ride to be distributed to affiliates.

Short-Term Investments

Short-term investments are recorded at cost and consist of certificates of deposit with initial maturities of greater than three months. Due to their short term nature, cost approximates fair value.

Loans Receivable

Loans receivable, which are issued to affiliates at below market interest rates, are initially recorded at fair market value by discounting the receivable balance. The discount is then amortized into income over the life of the loan receivable using the effective interest method.

The Organization accounts for uncollectible receivables by the reserve method based on management's best estimate and past history of collections. Receivables are assessed individually for collectability based on the surrounding facts and circumstances and management's past history of collections. Additional interest is not accrued on past due accounts. When all collection efforts have been exhausted, the accounts are written off.

Assistance to Affiliate Payable

The Organization operates an annual bike ride primarily for the benefit of its affiliates and other Habitat organizations. Participants directly identify the recipient of their contributions and all amounts collected for others are recorded as assistance to affiliates payable and are disbursed regularly.

Deferred Fee Income

The Organization charges an origination fee on new loans receivable. The fee income is amortized over the term of the related loan in a method consistent with the amortization of the discount on the loans.

Property and Equipment

Property and equipment are stated at cost, if purchased, or fair market value at the date of the gift, if donated. All acquisitions of property and equipment in excess of \$1,500 and all expenditures for improvements and betterments that materially prolong the useful lives of assets are capitalized and depreciated on a straight line basis over a range of 3-5 years. Maintenance, repairs, and minor improvements are expensed as incurred. When assets are retired or otherwise disposed of, their costs and related accumulated depreciation are removed from the accounts and resulting gains or losses are included in income.

Discount on Notes Payable

Notes payable, which are issued to the Organization at below market interest rates, are initially recorded at fair market value by discounting the payable balance. The discount is then amortized into expense over the life of the note payable using the effective interest method.

NOTES TO FINANCIAL STATEMENTS As of and for the Years Ended June 30, 2016 and 2015

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Contributions

Contributions are recognized when received in the form of a pledge or cash. Promises to give are recorded at net realizable value. Conditional promises to give are not included as support until such time as the conditions are substantially met.

Contributed Services

Contributions of services are recognized if the services received (a) create or enhance nonfinancial assets or (b) require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. Contributed services that do not meet these criteria are not recognized. The Organization receives services donated by volunteers, which do not meet the above criteria for recognition in the financial statements.

Functional Allocation of Expense

Salaries and related expenses are allocated based on job descriptions and the best estimates of management. Expenses, other than salaries and related expenses which are not directly identifiable by program or support service, are allocated based on management's consideration of actual expenses charged to each category, as well as by estimates developed by personnel regarding time spent in each category.

Tax-Exempt Status

The Organization has received notification that it qualifies as a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code and corresponding provisions of State law and, accordingly, is not subject to federal or state income taxes. However, any unrelated business income may be subject to taxation. The Organization has been classified as a publicly supported charitable organization under Section 509(A)(1) of the Code and charitable contributions are deductible by donors.

The Organization follows the accounting standards for contingencies in evaluating uncertain tax positions. This guidance prescribes recognition threshold principles for the financial statement recognition of tax positions taken or expected to be taken on a tax return that are not certain to be realized. No liability has been recognized by the Organization for uncertain tax positions as of June 30, 2016 and 2015. The Organization's tax returns are subject to review and examination by federal and state authorities.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

New Accounting Pronouncements

In May 2014, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2014-09, *Revenue from Contracts with Customers*. This new guidance outlines a single comprehensive model for entities to use in accounting for revenue from contracts with customers. ASU 2014-09 is effective date for fiscal years beginning after December 15, 2018 (fiscal year 2020). Early application is permitted for fiscal years beginning after December 15, 2016. The Organization is assessing the impact this new standard will have on its financial statements.

In February 2016, FASB issued ASU No. 2016-02, *Leases*. ASU No. 2016-02 was issued to increase transparency and comparability among entities. Lessees will need to recognize nearly all lease transactions (other than leases that meet the definition of a short-term lease) on the statement of financial position as a lease liability and a right-of-use asset (as defined). Lessor accounting under the new guidance will be similar to the current model. ASU No. 2016-02 is effective for fiscal years beginning after December 15, 2019 (fiscal year 2021). Early application is permitted. Upon adoption, lessees and lessors will be required to recognize and measure leases at the beginning of the earliest period presented using a modified retrospective approach, which includes a number of optional practical expedients that entities may elect to apply. The Organization is assessing the impact this standard will have on its financial statements.

In August 2016, FASB issued ASU 2016-14, *Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities.* The new guidance improves and simplifies the current net asset classification requirements and information presented in financial statements and notes that is useful in assessing a not-for-profit's liquidity, financial performance and cash flows. ASU 2016-14 is effective for fiscal years beginning after December 15, 2017 (fiscal year 2019), with early adoption permitted. ASU 2016-14 is to be applied retroactively with transition provisions. The Organization is assessing the impact this standard will have on its financial statements.

Subsequent Events

The Organization has evaluated subsequent events through October 28, 2016, which is the date that the financial statements were approved and available to be issued.

NOTE 2 - LOANS RECEIVABLE (continued)

The Organization conducts a quarterly evaluation of each affiliate borrower utilizing financial statements and mortgage portfolio quality reports. Ratios and percentages are calculated on a five point scale in seven categories as established in the Organization's Board-established Loan Policy. The resulting Credit Risk Rating (CRR) is utilized to establish the appropriate level of provision for loan losses at fiscal year end. A pool reserve of 15 basis points has been established for all borrowers with a CRR of 4 or better. The provision for loan loss at a CRR of 5 is based on the projected impairment amount. As of June 30, 2016 and 2015, the provision for loan loss was set at the pool reserve and there were no projected impairment amounts.

A loan is considered delinquent when the affiliate borrower fails to make a contractually due payment within five days of the due date. Collection processes are established in the Organization's Loan Policy. As of June 30, 2016 and 2015, 100% of the Organization's loans were current.

At such time as the occurrence of a failure to collect payments from the affiliate borrower is combined with a shortfall in proceeds from collection, foreclosure or liquidation of the underlying pledged mortgage, the Organization will write-off the loan. For each of the years ended June 30, 2016 and 2015, no amounts were written-off.

The following table presents a summary of the activity for the provision for loan losses for the years ended June 30:

NOTE 4 - CRV RECOVERABLE GRANTS

The Organization has received six CRV recoverable grant awards since the year ended June 30, 2009. These recoverable grants were provided by the Minnesota Housing Finance Agency (MHFA) under their Community Revitalization Fund Program. Funds are to be utilized in accordance with a "Fund Availability, Disbursement, and Loan / Grant Agreement" that specifies the terms under which grant funds are recoverable. Grant funds that have not yet been disbursed for their intended purpose constitute the primary liability to the Organization. Grant funds are to be disbursed to "Owner-Occupants" to acquire "Qualified Dwelling Units". Each disbursement is evidenced by a Second Note secured by a Second Mortgage on the Qualified Dwelling Unit. The Organization is to receive repayment of funds from Owner-Occupants if they no longer occupy the Qualified Dwelling Unit at any time during a thirty-year period. After the thirty-year period, repayment by the Owner-Occupant is not required. Should the Organization ever receive such a repayment, it would then need to repay MHFA unless the Organization, within 6 months, re-disburses that amount to another Owner-Occupant to acquire another Qualified Dwelling Unit.

These recoverable grant awards total \$2,378,000, of which \$350,000 is for CRV #1, \$250,000 is for CRV #2, \$304,000 is for CRV #3, \$306,000 is for CRV #4, \$345,000 is for CRV #5, \$300,000 is for CRV #6, \$322,000 is for CRV #7, and \$201,000 is for CRV #8. During the years ended June 30, 2016 and 2015, the Organization disbursed \$375,200 and \$237,800, respectively, to Owner-Occupants of Qualified Dwelling Units. There were no unspent funds as of June 30, 2016. The undistributed portion of \$116,500 as of June 30, 2015, is shown as both a liability and restricted cash and cash equivalents in the accompanying statements of financial position. As disbursements are made to Owner-Occupants, grant revenue and program expense is reflected in the statement of activities as the Organization believes it has fulfilled the grant purpose. Neither a receivable nor a payable for the distributed portion of the grant is reflected in the statement of financial position as collection of the recoverable grants and ultimate repayment to MHFA is considered remote.

NOTE 5 - REVOLVING LOAN PAYABLE

The Organization entered into a revolving loan agreement with the MHFA on December 22, 2000. The agreement was amended on September 9, 2004. The agreement stipulates \$21,157,927 will be loaned to the Organization for the purpose of providing interest free mortgage financing to its network of affiliates. The loan is 0% interest and not payable as long as certain conditions are met. The conditions stipulate that the funds must be used to finance mortgages to low and moderate income families. Management believes the Organization is in compliance with these conditions. The loan payable is secured by the related loans receivable, the underlying homeowner notes and mortgages and funds held in the related proceeds and repayment accounts. The revolving loan balance at June 30, 2016 and 2015 was \$21,157,927, respectively. The revolving loan is discounted based on the same discount used when the funds are loaned to affiliates. The unamortized discount at June 30, 2016 and 2015 was \$6,641,851 and \$6,857,626, respectively. The discounted rate on all loans ranges from 3.29% to 6.98%.

Surplus, if any, after allowable expenses may be transferred to a proceeds account for loans to affiliates.

All notes payable are discounted based on the fair market interest rate at the time the loans are received. The fair market rates used for the years ended June 30, 2016 and 2015 were based on a 60 basis point spread over 30 year treasury bills, which was 3.80% and 4.00%, respectively.
